

Vision, Mission, and Core Values

Vision	Our vision is to transform Filsyn Corporation (the “Company”) into: 1) a real property developer for its three (3) properties in Sta. Rosa City, Laguna; General Mariano Alvarez, Cavite; and Pontevedra, Capiz; and 2) an operator of recycling plants to recycle plastic bottles and used textiles into raw materials for future use by major sporting companies for their sports apparel.
Mission	The Company, together with its subsidiaries, will revitalize the Company by: 1) developing its 30-hectare property in Sta. Rosa City, Laguna as a master-planned mixed-use and/or commercial district and a high-end technology zone business hub registered with the Philippine Economic Zone Authority; 2) developing its 16-hectare property in General Mariano Alvarez, Cavite as a middle-income residential area; 3) developing its aqua ventures business or agricultural business in its 150-hectare property in Pontevedra, Capiz; and 4) boosting the capability of its subsidiary (FYN Green PET Corporation) for the recycling of Polyethylene Terephthalate (i.e. plastic bottles) and textiles, the end-product of which will be exported to major sporting companies for their sports apparel.
Core Values	We strive for excellence in every aspect of our business by utilizing our core competencies, fostering a culture of trust, teamwork and responsibility.
